“Global Warnings”

We hear more and more about Global Warming every day. Even though “Global Warming” sounds like something that might make us less cold in the Winter, what might really happen is much worse. Read and color the following pages, which give us a more troubling view of how Global Warming could change our wonderful planet.

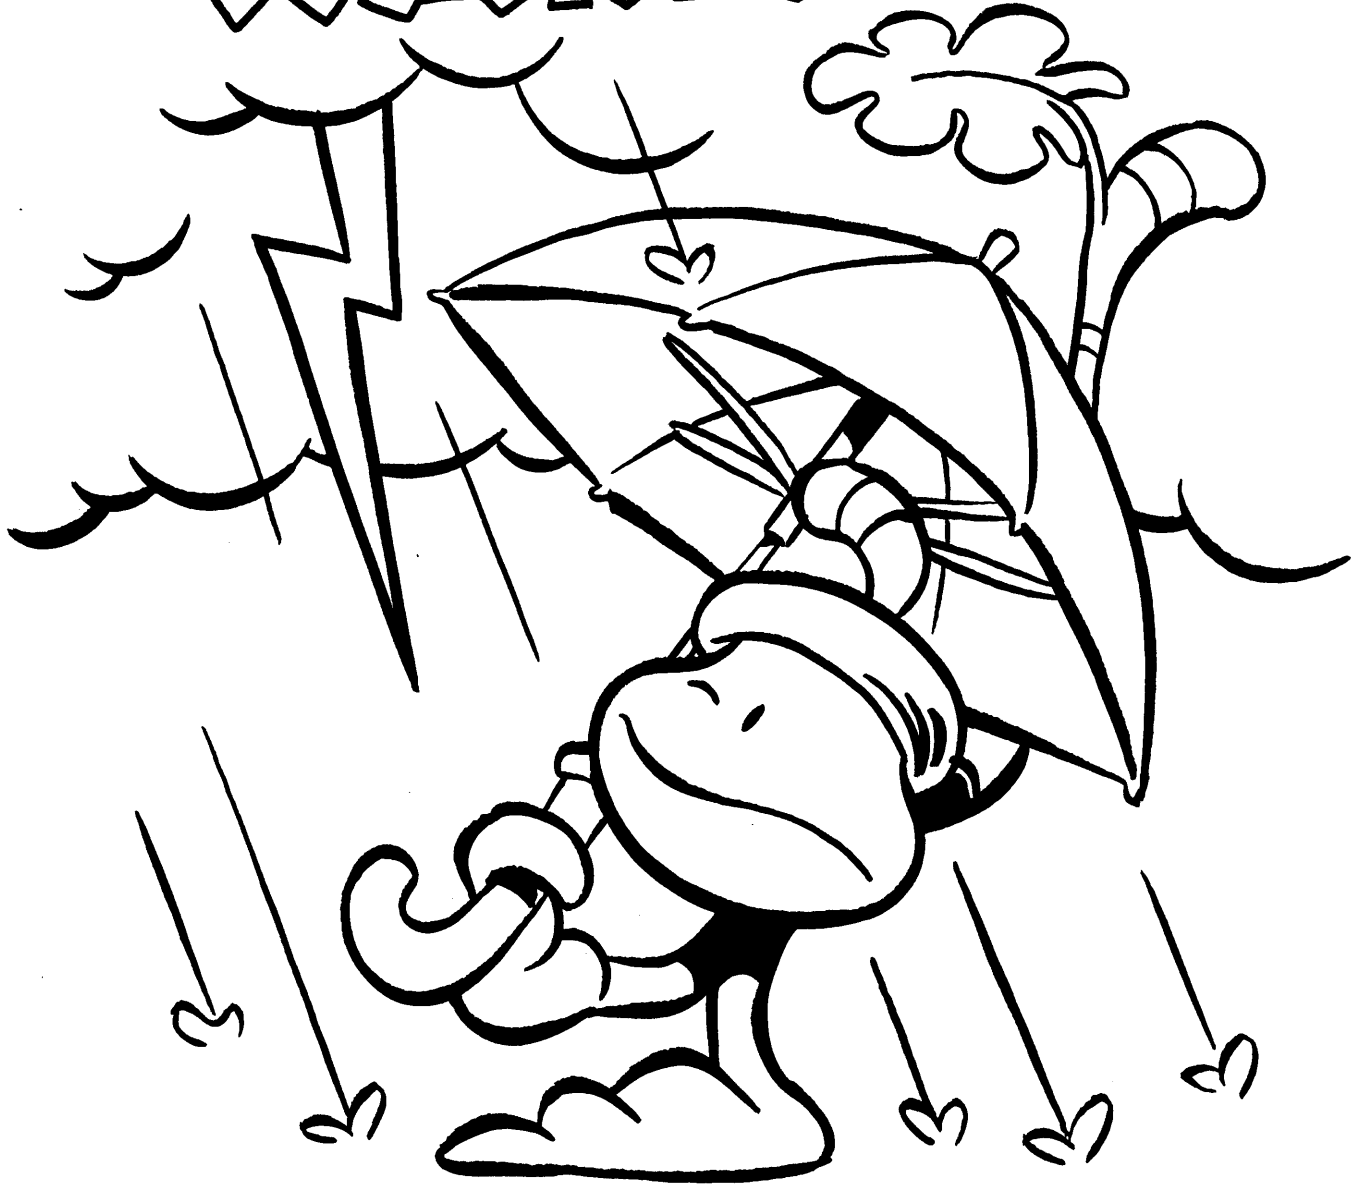

GLOBAL WARNINGS

FLOODING

BECAUSE OF POLAR ICE MELTING, WHICH RAISES OCEAN LEVELS

GLOBAL WARNINGS

SEVERE WEATHER

BECAUSE OF WARMER OCEAN TEMPERATURES, WHICH CAUSE STRONGER STORMS

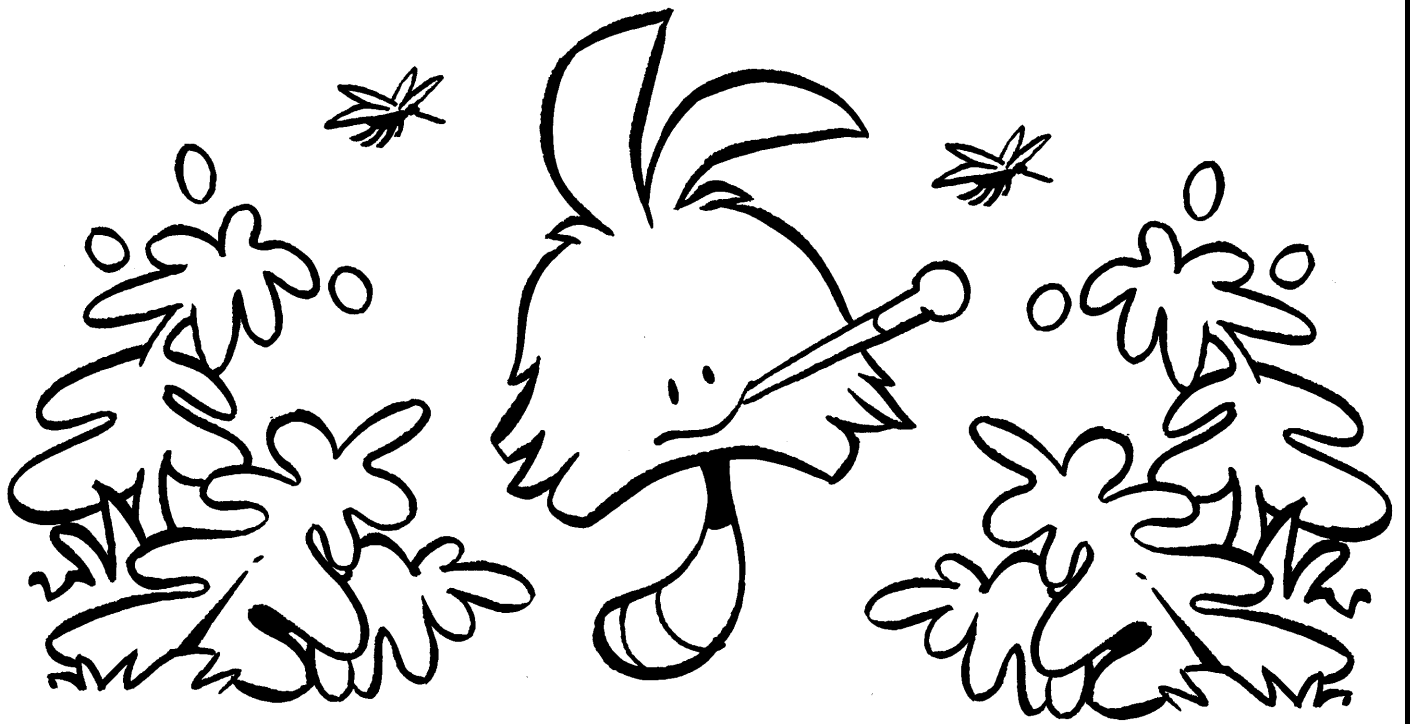

GLOBAL WARNINGS

DROUGHT

BECAUSE OF CHANGES IN RAINFALL AND OTHER WEATHER PATTERNS

GLOBAL WARNINGS

HEALTH RISKS

BECAUSE OF INCREASES IN INSECT POPULATIONS, WHICH CARRY DISEASES
