

HOW TO DRAW ROCKS.

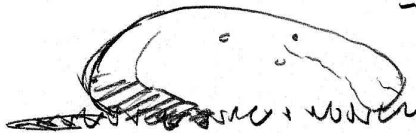

- ① I START A ROCK AS JUST A HUMP.
DON'T PUT THE HUMP IN THE MIDDLE,
PUT IT OFF TO ONE SIDE.

- ② NEXT, "ANCHOR" THE ROCK TO
THE GROUND BY DRAWING SOME
"U" S AROUND THE BOTTOM TO STAND
FOR GRASS

- ③ NEXT, I ADD SOME
SHADING AROUND THE BOTTOM
AND SOME CRACKS AND HOLES
ON THE SURFACE.

- THAT'S
ABOUT
IT.

REMEMBER, ROCKS LOOK COOL WHEN
YOU PUT THEM IN GROUPS, NOT JUST ONE.

TRY TO HAVE ODD NUMBERS
OF ROCKS INSTEAD OF EVEN
NUMBERS, AND MAKE 'EM
DIFFERENT SIZES.
